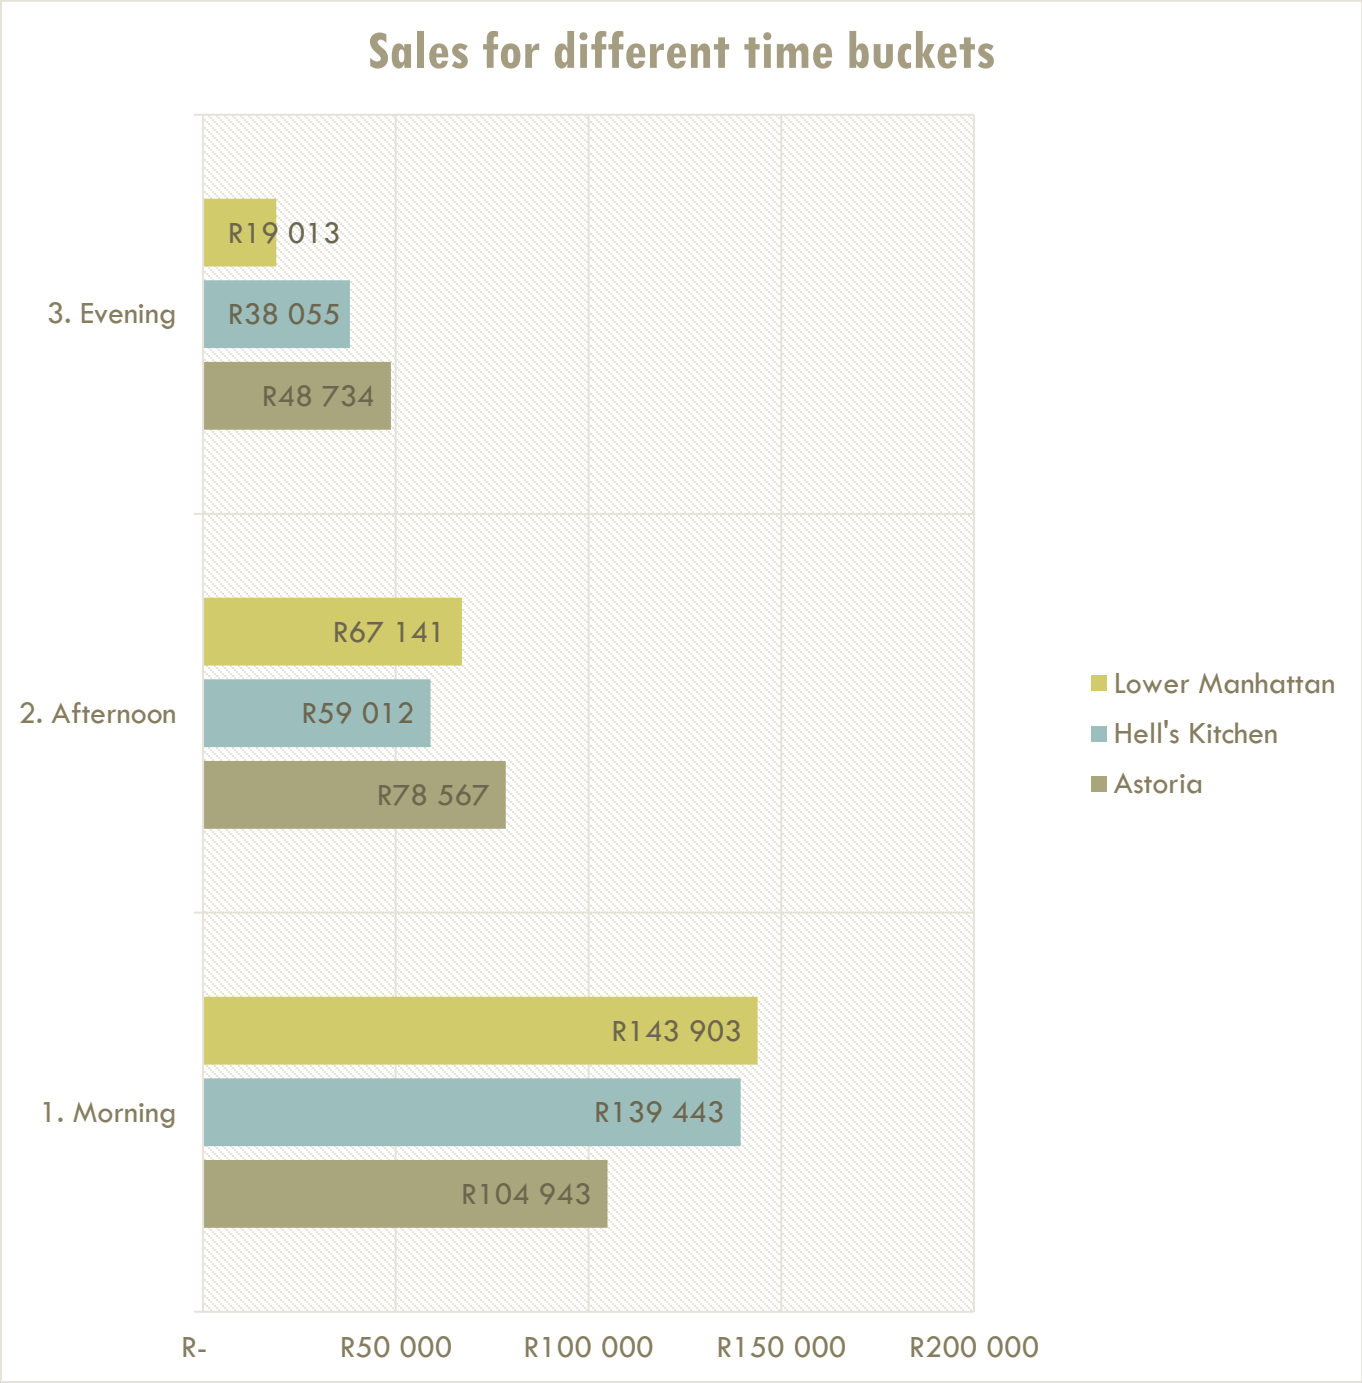
Afternoon sales: 12:00:00 to 16:59:59

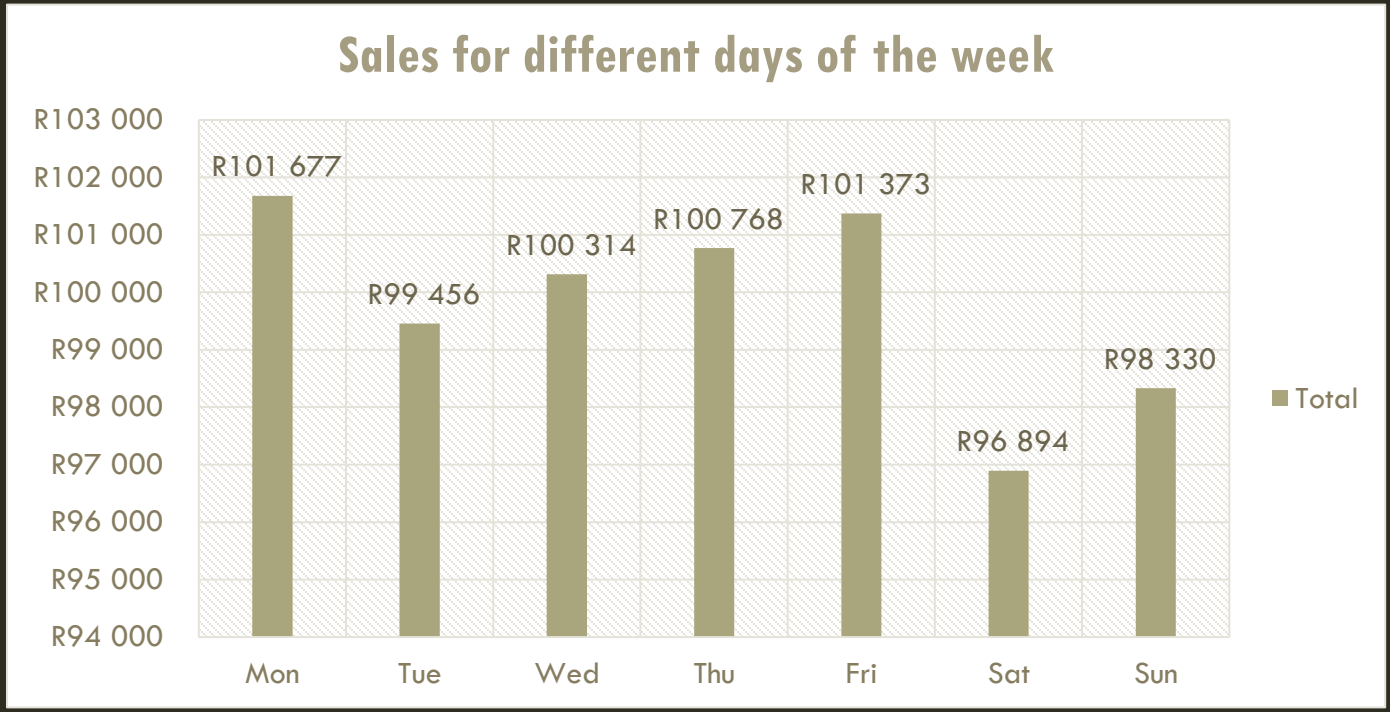
- Sales decrease substantially

Evening: 17:00:00 to 23:59:59

- Sales reaches the lowest across all the stores



- Monday: highest sales recorded
- Tuesday, sales declined significantly
- Wednesday to Friday, gradual increase in sales momentum
- Weekend, lower overall sales, with Saturday recording the lowest



CONCLUSION

- Coffee generates the highest revenue, contributing 39% of the total sales.
- Mornings account for 56% of the overall sales performance.
- Sales were lower during the summer months and gradually increased as winter approached (June 2023). The total sales per store were;
  - Astoria: 33%
  - Lower Manhattan: 33%
  - Hell's kitchen: 34%

RECOMMENDATIONS

- Make combo deals with coffee as part to increase sales of other products
- Make sure there is always enough staff on peak times (Mornings) and introduce specials
- Make promotions on non peak hours (Evenings)
- Replicate what is happening at Hell's kitchen to other stores since it caries large portions of sales
- Introduce products that will blend well with other seasons
